27 December, 2016

Dear Simon & Stephanie,

Following the completion of the audit performed December 9, 2016
by auditor

Norman Alayan
Global Alayan Services

and the receipt of an acceptable audit report and recommendation by ISIA,
ISIA is happy to recognize

BioArra

as being traceability certified according to the ISIA Traceability Program.

This certification allows BioArra to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, BioArra will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date of the audit report (through November, 2019), and can be renewed upon completion of another successful audit. Should BioArra not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
