Dear Brian,

Following the completion of the traceability audit on March 1, 2022
by auditor

Kent E. Treichler

and the receipt of an acceptable audit report and recommendation by ISIA,

ISIA is delighted to recognize

Avantor Sciences

as being traceability certified according to the ISIA Traceability Program.

This certification allows Avantor Sciences to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead etc.

In addition, Avantor Sciences will be listed as traceability certified on the ISIA website.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

This certification will be valid for a maximum period of three years from the date of the audit report, through February 2025, and can be renewed upon completion of another successful audit. Should Avantor Sciences not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
